

Title: Animal Facility Security Concerns	
Approval Date: October 20, 2016	
Authorized by: Office of Research Compliance, Facility Managers, CMU Police Department	
Date Drafted/Author: April 26, 2016 / JC	Last Revision: April 15, 2021

I. PURPOSE

To define a set of common procedures for addressing security concerns at CMU animal facilities. This Institutional Animal Care and Use Committee (IACUC) SOP also describes guidance for research and animal care and use personnel handling situations arising away from the animal facility but related to their work with animals.

II. GENERAL INFORMATION

- A. Animal facility managers, or designee, will conduct periodic review of facility access to remove inactive personnel each semester. (e.g. email inquiry to facility Principal Investigators)
- B. Animal facility entrances should be discreet and may not have identifiable postings or signage indicating the presence of animals in the area.
- C. Do not provide animal facility access to individuals unless they have an appropriate need to enter the vivarium.
 1. Do not permit individuals to “piggy back” without knowledge of approved access and/or proper scanning of access device where appropriate.
 2. All visitors must be escorted by individuals with granted access to the area.
 3. Refer to the Vivaria Access: Visitor’s Policy ([5-10](#)) for additional information.
- D. Refer to these additional University Policies and Guidance that include concerns not specifically identified in this SOP:
 1. Workplace Violence Policy ([3-2](#))
 2. Weapons Policy ([3-5](#))
 3. Sexual and Gender-Based Misconduct Policy ([3-39](#))
 4. [Active Assailant/Shooter](#)
 5. [Bomb Threat](#)

III. PROCEDURES

- A. Contact the CMU Police Department immediately upon discovery of any violation of facility security.
 1. The phone number for CMU Police Dispatch is 989-774-3081.
 2. Notification can be made at this number 24 hours a day, 365 days a year.

- B. Contact other key personnel as needed, all phone numbers are listed on the reporting research concern or emergency phone lists, including the veterinarian.
- C. Potential Security Concerns:
1. Photographs or Video Recording:
 - a. Photographs: include still digital images or traditional film based photographic images
 - b. Photographs or video recordings may not be obtained within the animal facility without prior approval from the Principal Investigator, Facility Manager, or the Veterinarian(s) or as described in an IACUC-approved protocol.
 - i. The Principal Investigator should communicate their approval to the Facility Manager or the Veterinarian(s).
 - ii. If the Principal Investigator or research personnel have any questions or concerns regarding this process, they should be discussed with the Facility Manager or the Veterinarian(s).
 - c. Photographs or recordings of animals, gross anatomical tissues, personnel, or facilities taken by the researcher, veterinary, or animal care staff may be used only for technical training, diagnostic, research, teaching, compliance, or publication purposes.
 - d. Prior approval is not required when performed by compliance or government inspector personnel.
 2. Suspicious individuals:
 - a. If an unknown individual attempts to enter the animal facility, ask them for identification but do not physically confront them or engage them in debate.
 - b. Notify fellow animal facility workers and/or the facility manager of your concern.
 - c. Contact the CMU Police Department.
 3. Suspicious packages: If suspicious packages are seen near or in an animal facility:
 - a. Do not attempt to handle an unidentified package.
 - b. Notify fellow animal facility workers and/or the facility manager of your concern.
 - c. Contact the CMU Police Department.
 - d. Additional guidance is provided by CMU at this [link](#).
 4. Protests/protesters:
 - a. Do not interfere with protesters and do not confront them or engage them in debate.
 - b. Inform the CMU Police Department and the Facility Manager of any protest that is occurring near a CMU animal facility.
 - c. The Facility Manager will then notify the IO, IACUC Chair, and appropriate phone tree for research investigators.
 5. Animal care and use personnel confronted or harassed:
 - a. If you are confronted or harassed off campus related to your animal handling activities, first contact your local police department and then inform the CMU Police Department so that they are aware of the situation.

- b. If you are harassed via social media related to your animal care and use activities at CMU, do not engage and contact the CMU Police Department.
 - c. If you are on campus but not at the animal facility, contact the CMU Police Department.
 - d. If any of the above occurs and you are not sure if it is related to your animal care and use activities, you should still contact law enforcement if you feel your safety or security is threatened.
- D. Notifications:
1. Upon receipt of information regarding the possibility of a security breach in the university animal care and use program, the animal facility manager shall notify:
 - a. CMU PD (if not already notified)
 - b. Institutional Official
 - c. IACUC Chairperson
 - d. Research investigators, where appropriate.
 2. The IO is responsible for notifying university administration, where appropriate.
 3. The IACUC Chairperson will notify IACUC Committee members, where appropriate.
- E. Investigations: Following an investigation of a reported incident by the CMU Police Department, the Facility Manager will forward a written report to the following individuals, which will include any official report or details obtained from the CMU Police Department and any additional information related to the situation:
1. IACUC Chairperson
 2. Institutional Official
 3. Director of Research Compliance
