FEATURED CME ACTIVITIES

CMU College of Medicine – GME Office; Ramping up in Research

Writing an Effective Abstract

Neli Ragina, PhD, Associate Professor of Genetics and Director of Research, CMU College of Medicine, Mt Pleasant, MI.
Tuesday, December 10, 2024. 7:30a-8:30a; Online. Contact: GME Office at 989-746-7880; 1.0 AMA PRA Category 1 Credit™

Course Description:

An abstract is defined as a self-contained, short, powerful statement describing a larger body of work. Some authors describe it as the most important paragraph of a research project. Many research projects are not published due to the poor manuscript and not due to the lack of merit of the discovery being shared. Writing a concise, clear summary of scholarly work can be guided by some basic principles which will be described here.

Upcoming Sessions:

January 7, 2025: Presenting Research – Getting the Point Across in an Oral or Poster Presentation

February 4, 2025: Finding Funding Sources and the Grant Process
