Presentation Skills Center

The CMU Presentation Skills Center (PSC) is a free online service for all CMU students, providing technological facilities and instructional expertise to students seeking to develop and enhance the presentation skills vital for personal and professional success. With consultations available face-to-face and online, the PSC supports students with public speaking, debate, group presentations, sales pitches, interviews, and more. The PSC provides opportunities for creating and enhancing the content and delivery of speeches, rehearsing presentations, offering detailed feedback on performances, refining persuasive appeals, and managing stage fright/communication apprehension. For additional information, visit <https://scjm.cmich.edu/psc>.
